

Engineer \ Hussien Fayik Sabbour

Date of Birth: 1936

Graduated from the Faculty of Engineering, Cairo University

Higher Diploma in Road Planning in 1958, and Higher Diploma in Basic Development in 1962.

Mr. Sabbour chairs the Consulting Engineering Office - Sabbour, one of the largest consulting offices in Egypt and the Arab World. The office extends its activities abroad, especially in the African Continent, as it works on the development projects in Mauritania, Sierraleone, Swaziland, Gambia, Uganda, Mali, Ivory Coast, and others. The activities of the office have recently been extended to the European Continent, in addition to works performed in Arab Countries such as Kuwait and Yemen.

The number of the experts of the office amounted to more than one thousand Egyptian experts.

Mr. Sabbour has participated in the association of the Islamic Countries Consultants Federation with head quarters in Istanbul and was the Federation's vice-chairman for the first four years of its association.

Mr. Sabbour also chaired the Egyptian American Business Council, and was a member of the board of directors of the Egyptian Businessmen Association, and participated in the formation of the African Businessmen Round Table and was its vice president for four years.

He was the president of Al Muhandes Bank for more than five years.

Mr. Sabbour is the chairman of the board of directors of a group of companies whose works are related to the engineering industry, such as:

Al Ahli Company for Real Estate Development,

Oriental Resorts Company for Tourism Development,

The Egyptian Company for Construction and Building Investment.
